

'KID GRAFT' IN NEW PLATFORM FOR CHURCHILL

Author Says That Lincoln Club Planks Should Be Adopted by All Parties.

WOULD SACRIFICE HIMSELF

CONCORD, N. H., July 17.—A platform was adopted by the Lincoln Republican Club at a meeting yesterday and was later accepted by William Churchill of Concord, who has been mentioned as a candidate for Governor of this State.

The platform sets forth the desire for the enactment of laws prohibiting the giving of free railroad transportation and any device of patronage, mileage books or other special contracts to delegates of political conventions, government officials or any persons not properly entitled thereto.

On the question of railroad company managers by the people.

On the question of the true value of the property of the railroads and of other public service companies in the State, which shall furnish a fair basis for taxation.

A general guarantee act for securing honest business which shall prohibit political contributions by corporations, and require publicity of campaign receipts and expenditures by committees, candidates and individuals.

Individuals opposing the calls of laboring by receiving special consideration at their own and all other expenditures made in service of their constituents.

A primary election law which shall prevent the nomination of all political parties to nominate candidates for office by direct vote.

A law creating a commission to revise the just code of the State and to report to the Legislature what amendments of those laws are necessary and proper to equalize the burden of taxation.

Stricter supervision of the sale and distribution of liquor, and the prohibition of the sale of liquor in all towns and cities where the prohibition exists.

The enforcement of the present law against excessive gambling, including book making at the State race track and elsewhere, and the closing of such additional laws as may be necessary.

In his letter of acceptance, Mr. Churchill says, in part: "I believe without reservation to the general principles set forth in the Lincoln Republican Club, and would suggest that they be adopted by the other candidates for Governor, so that the people may have a fair and honest election. I would gladly offer myself in behalf of each one of the principles set forth in the Lincoln Republican Club thought it to indicate."

WASHINGTON, D. C., July 17.—The Treasurer of a shortage of about \$21,000 on the account of the late Treasurer, Mr. Bartlett, passed the Treasury Department here for twenty-five years prior to his death, February 25 last, the Treasury Department disbursing officer. Major Bartlett was a native of Massachusetts, and served in the Civil War, and was a member of the Massachusetts Legislature.

TUBERCULOSIS BE CURED BY VACCINATION

Pasteur Institute Scientists Tell of Some Remarkable Experiments.

TO MAKE INFANTS IMMUNE

Special Cable to Boston Americans.

PARIS, July 16.—Dr. Calmette of the Pasteur Institute has communicated to the Académie de Médecine on behalf of himself and his colleagues, Dr. Guérin, the results of important experiments conducted by the Pasteur Institute.

The form of tuberculosis treated in that of the digestive organs, when Dr. Calmette believes is extremely common in children.

Dr. Calmette and his colleagues have found that Dr. Guérin's method of injecting tuberculous bacilli is dangerous.

Accordingly, they have the great success in killing or softening the bacilli with heat, and they are then administered intravenously as a preventive.

The experiments thus far have been confined to calves and pigs, but they have been so successful that they are now being tried on children.

LOCKED IN HER STUDIO, PHONE RESCUES HER

Mrs. Oldberg, Washington Artist, Released by Calling Up Police.

PATROLMEN BREAK DOOR

WASHINGTON, July 17.—Mrs. Suzanne Oldberg, a prominent figure in the social and artistic circles of the capital, found herself a prisoner in the Boston Theatre, where she had a studio, when she was locked up for two hours before she found a means of escape.

She climbed over a spiral staircase from her studio in the darkness at the risk of her life, and finally discovered a fire escape.

Mrs. Oldberg, told the sergeant in charge of the fire department, that she was locked up for two hours before she found a means of escape.
